

SUMMARY

I am a motivated professional with experience in data science and analysis and full stack development. With expertise in data base management on AWS, I have supported decision-making processes. In full stack development, I have successfully designed and developed web applications with a focus on user experience and functionality. Additionally, I have demonstrated strong skills in database management. With a passion for leveraging technology and a dedication to continuous learning, I am well-equipped to contribute to innovative projects in the field of data analysis and full stack development.

EDUCATION

Government College Of Engineering, Kalahandi, Bhawanipatna

Bachelor of Technology in Computer Science And Engineering
2021- 2025

Bhadrak Higher Secondary School

senior Secondary Education in Science
2019 - 2021

SKILLS

- Web Dev: HTML, CSS, JAVASCRIPT, REACT, Nextjs, typescript Node.js, Express.js, Figma, UI/UX, MongoDB, SST, Bootstrap
- Data Science And Analysis: AWS, Python, Google Analytics, Excel, cloud computing
- Other : C, C++, Java, DSA

SOFT SKILLS

- Communication, leadership, team work, adaptability

ACHIEVEMENTS

- Leading Cadet at 4(O) Naval Unit NCC, Bhawanipatna
- NCC 'a' and 'b' and 'c' certificate with grade 'A', attended NTAC 2023 at INS Shivaji, Lonavala
- Pathani Samanta Mathematics Scholarship

PROFESSIONAL EXPERIENCE

Full Stack Developer

Intelligent Cloud Application | Feb , 2024- Present

- As the Team Lead of the Operations department, I oversee a multifaceted array of teams including Testing, DevOps, Defect Fixing, Database Management, and Digital Marketing. My role involves managing and coordinating the efforts of these diverse teams to ensure seamless operation and optimal performance.

Data Science And Analysis Engineer

Intelligent Cloud Application | Nov, 2022- Present

- Part-time Data Science and analysis engineer at Intelligent, utilizing skills in Google Analytics, Data Analytics, Python, Microsoft Excel, and AWS. Analyzing complex data sets to generate valuable insights.
- I took on the responsibility of managing the database as a Database administrator.
- Team lead of operational team.

Full Stack Developer Intern

Bworkz | July, 2022- Oct, 2022

- Full Stack Developer intern at Bworkz, working remotely from July 2022 to October 2022, gaining hands-on experience in UI/UX, React.js, Node.js web development, Serverless Framework, JavaScript, Figma, SST, GitHub, Bootstrap, Amazon Web Services (AWS), and Cascading Style Sheets (CSS).
- Collaborated with a team of developers to design and develop web applications using React.js, ensuring optimal user experience and functionality.

PROJECTS

GCEK Naval NCC

- Designed with care using React, JavaScript, CSS, and Bootstrap, with a sleek design crafted in Figma, this website aims to provide an immersive experience for visitors.
